AMENDMENT

Commissioner for Patents  
Washington, D.C. 20231

Dear Sir:

Please amend the above-captioned application as follows:

IN THE CLAIMS

Please amend the claims as follows:

1. An apparatus for acquiring off-axis X-ray images of a plurality of regions of interest, comprising:
- a source of radiation, the source producing a beam of radiation;
  - a surface to support at least a subset of the plurality of regions of interest; and
  - a X-ray detector located to simultaneously receive portions of the beam that have passed through the subset of the plurality of regions of interest, the X-ray detector producing from the received portions of the beam a plurality of discrete images, each of the plurality of discrete images being associated with a region of interest in the subset of the plurality of regions of interest;
